

Welcome

It's really the Drupal community and not so much the software that makes the Drupal project what it is. So fostering the Drupal community is actually more important than just managing the code base.

Lemberg loves the power of [Drupal](#) as it allows you to rapidly and cost-effectively respond to the key digital presence needs of an organization, namely: content, community, commerce.

In close collaboration with creative agencies, technological businesses and startups we develop **Drupal-based solutions** such as:

- **Corporate and promotional websites** to facilitate marketing efforts in establishing digital presence, reduce time to market, centralise content storage, processing and distribution (this website is a Drupal website).
- **Smart enterprise solutions (Drupal for business)** to improve and accelerate business processes: collaboration systems (Drupal intranets, project management tools), ERP for SMB's, corporate learning systems (LMS), digital assets management (DAM), [event management](#) apps.
- **Drupal-based SaaS products** for start-ups and technological businesses: complex cloud software that helps businesses deliver compelling on-demand services to their customers.
- **Community solutions:** B2B and B2C community platforms to help NGO's, charity

Drupal services we offer

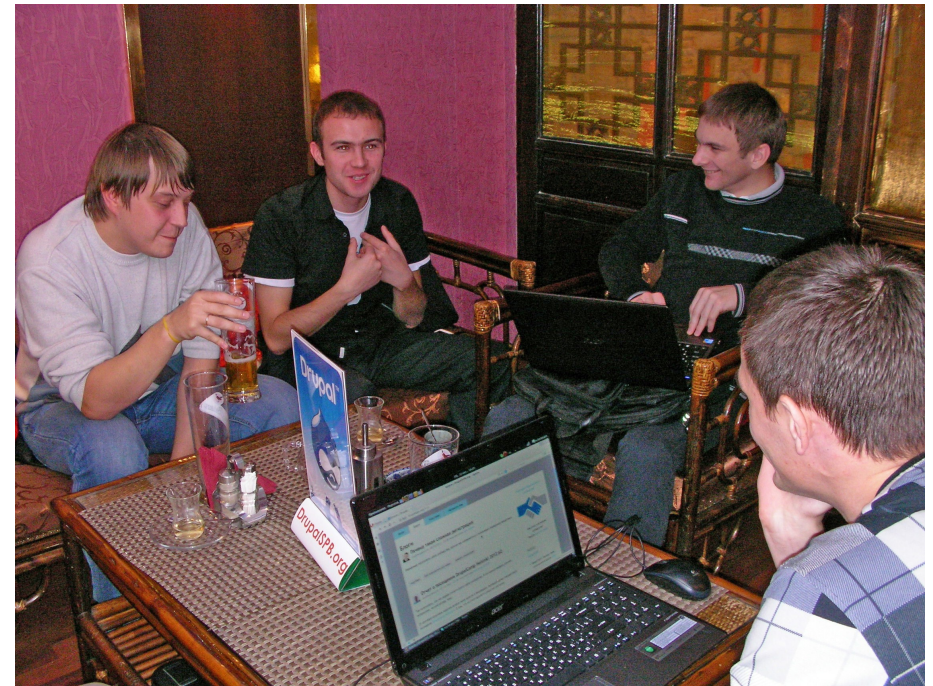

- Apps and websites development
- Data migration
- Deployment
- Drupal modules development
- Maintenance and support
- Performance optimisation
- Quality assurance
- UI/UX design and theming

Drupal (Друпал) — это система управления сайтом (CMS), а также среда для создания вебприложений (CMF).

Посредством этой системы можно строить сайты и вебприложения различного назначения и сложности. Интерфейс пользователя позволяет управлять сайтами на Drupal без знаний HTML, вебвёрстки и языков программирования. Drupal разрабатывается международной командой разработчиков, как программное обеспечение с открытыми исходными текстами, защищенными общественной лицензией GNU. Международный сайт проекта — drupal.org, а на нашем сайте можно получить информацию о Drupal на русском. Также есть национальные сообщества на других языках.

Требуется помощь друпалеру Владу Савицкому

Прислано: RoSk0 | Вт, 21/01/2014 - 20:07

Требуется помощь друпалеру [Владу Савицкому](#) - у его сына Марка была диагностирована злокачественная опухоль. Влад Савицкий - отец троих детей, является одним из контрибуторов Drupal, так же многие должны знать его сайт рецептов для Drupal <http://drupalcookbook.ru>. Влад также выступал на DrupalCamp'ax в Киеве и в других городах. Я лично знаком с Владом и мне очень жаль, что у его сына рак. Давайте поможем Владу всем сообществом!

 **Drupal White Nights 2014 - 7 июня Drupal Кемп в Санкт-Петербурге**
Konstantin Komelin, пн, 21/04/2014 - 09:27

 7 июня большой праздник для нас, в Питере пройдет долгожданный Кемп - Drupal White Nights 2014. Мы шли к этому событию два года, встречаясь на семинарах, спринтах, тренингах и в неформальной обстановке. И вот, время пришло для чего-то большего.

От лица организаторов я приглашаю вас поучаствовать в этом важном для нас международном событии!

Cultural Differences: Moscow

“I don't publish my modules because somebody could take and sell my code”

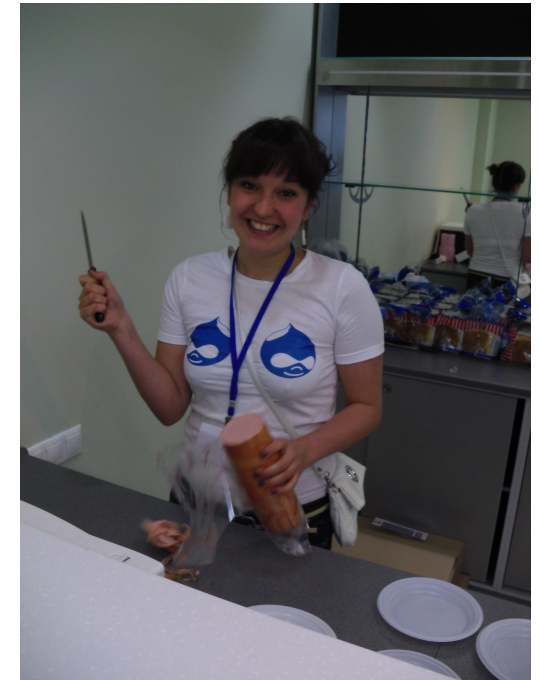

Cultural Differences: Moscow

A lack of trust causes a lack of cooperation

Cultural Differences: Moscow

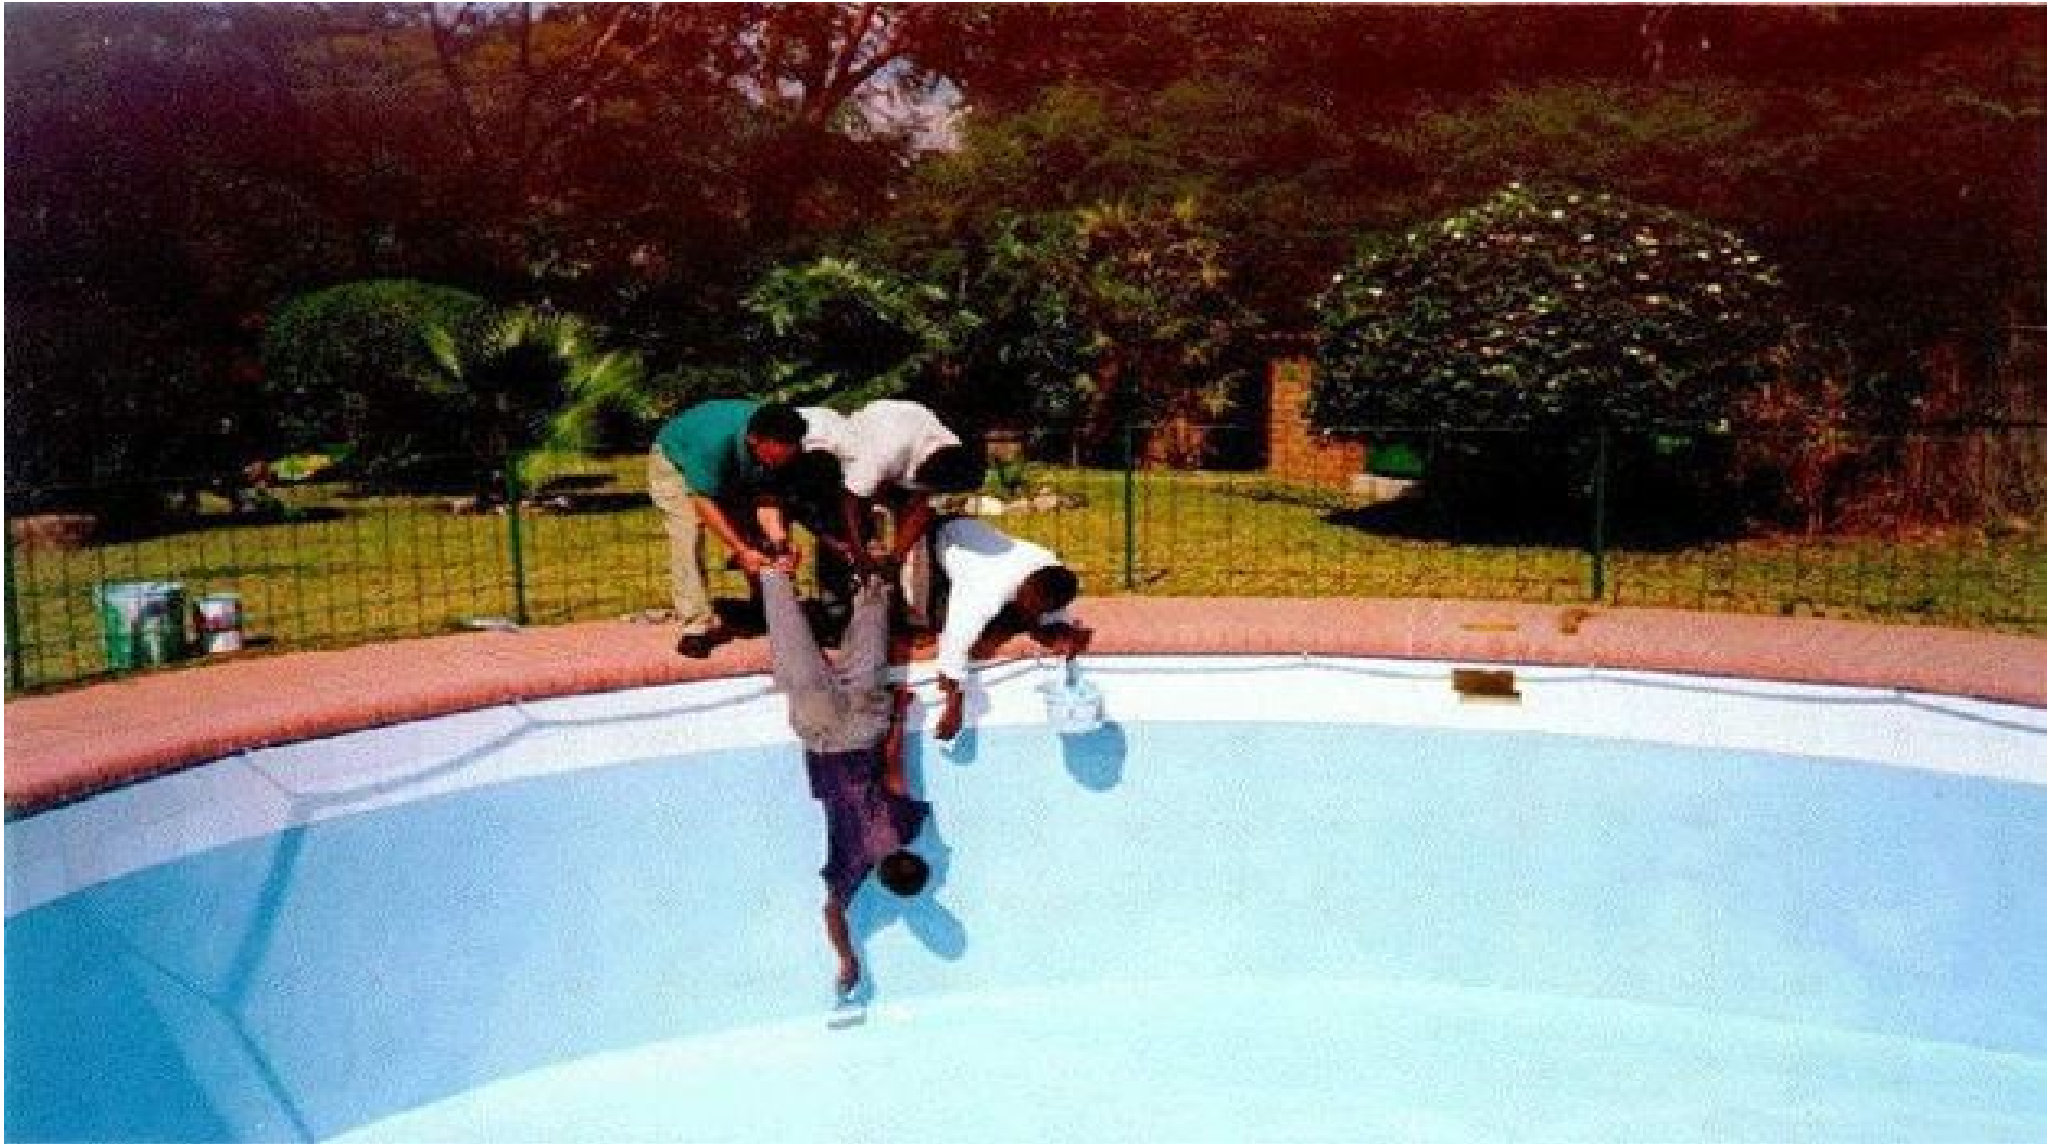

Moscow Camps were run by Ukrainians for some years, because Muscovites could not agree on organizing them.

How can you keep growing?

What motivates people to cooperate?

When do people free ride?

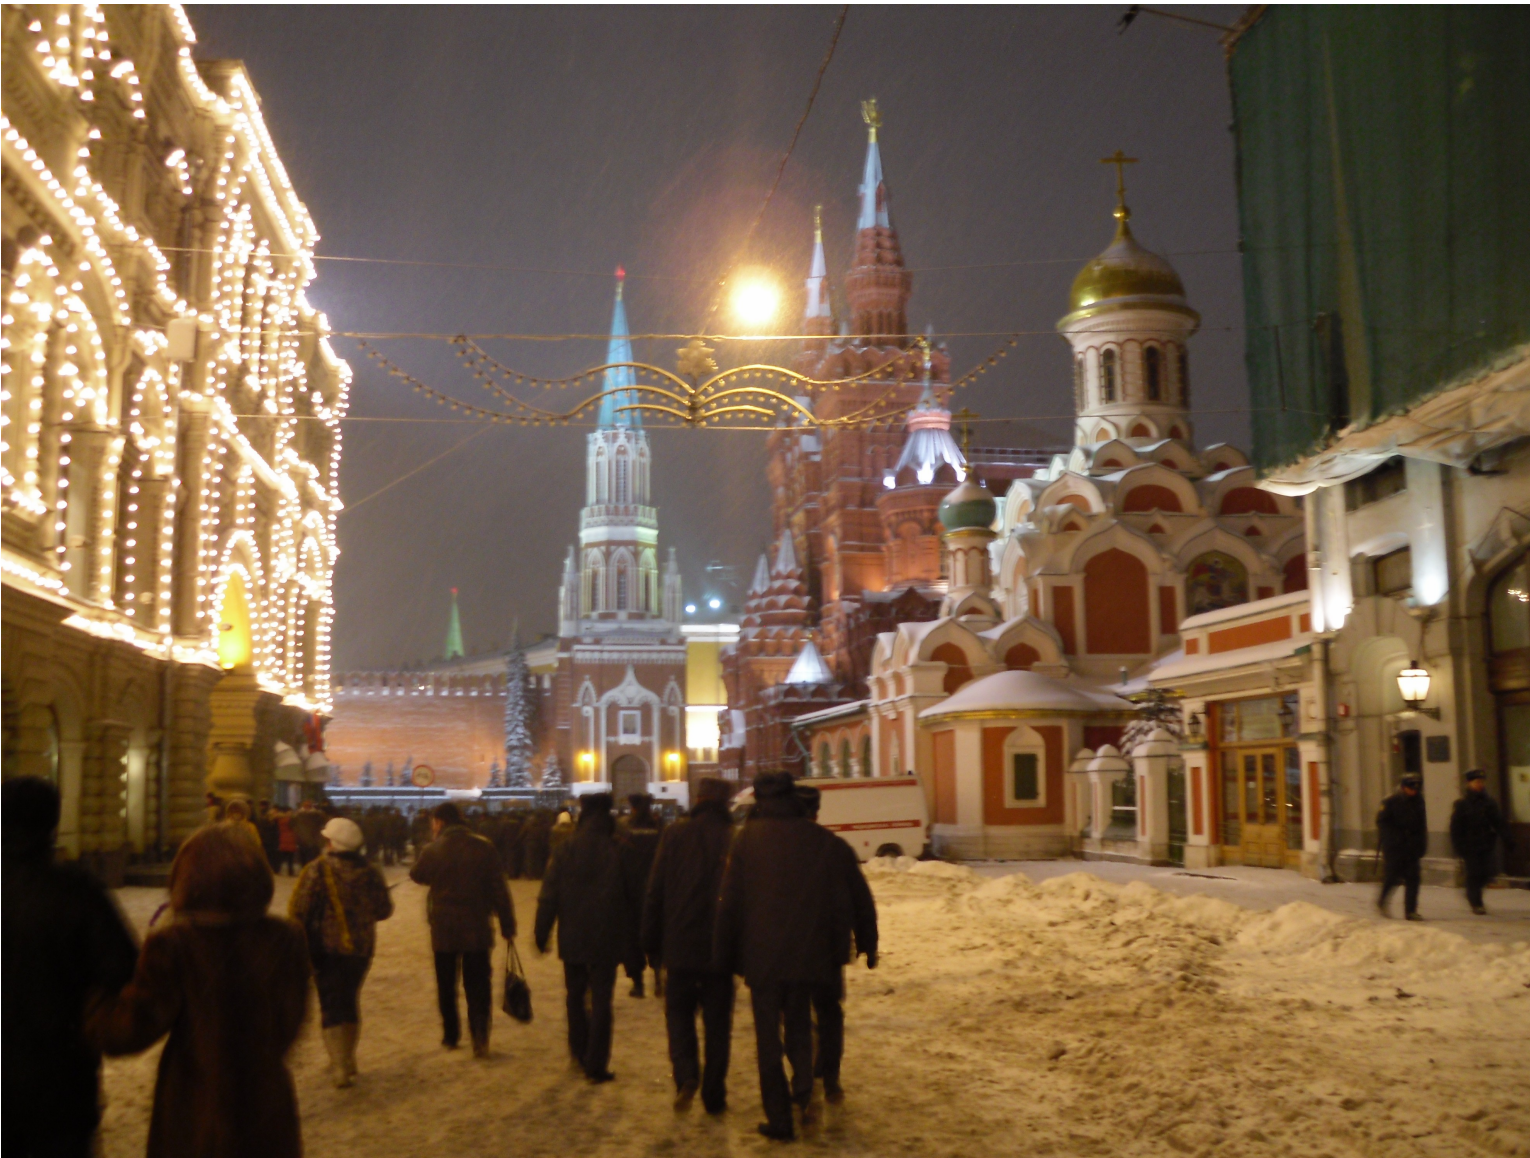

In some Societies Cooperation Prevails

- Little incentive to do better than others.
- Free riding: People tend to wait for others to contribute.

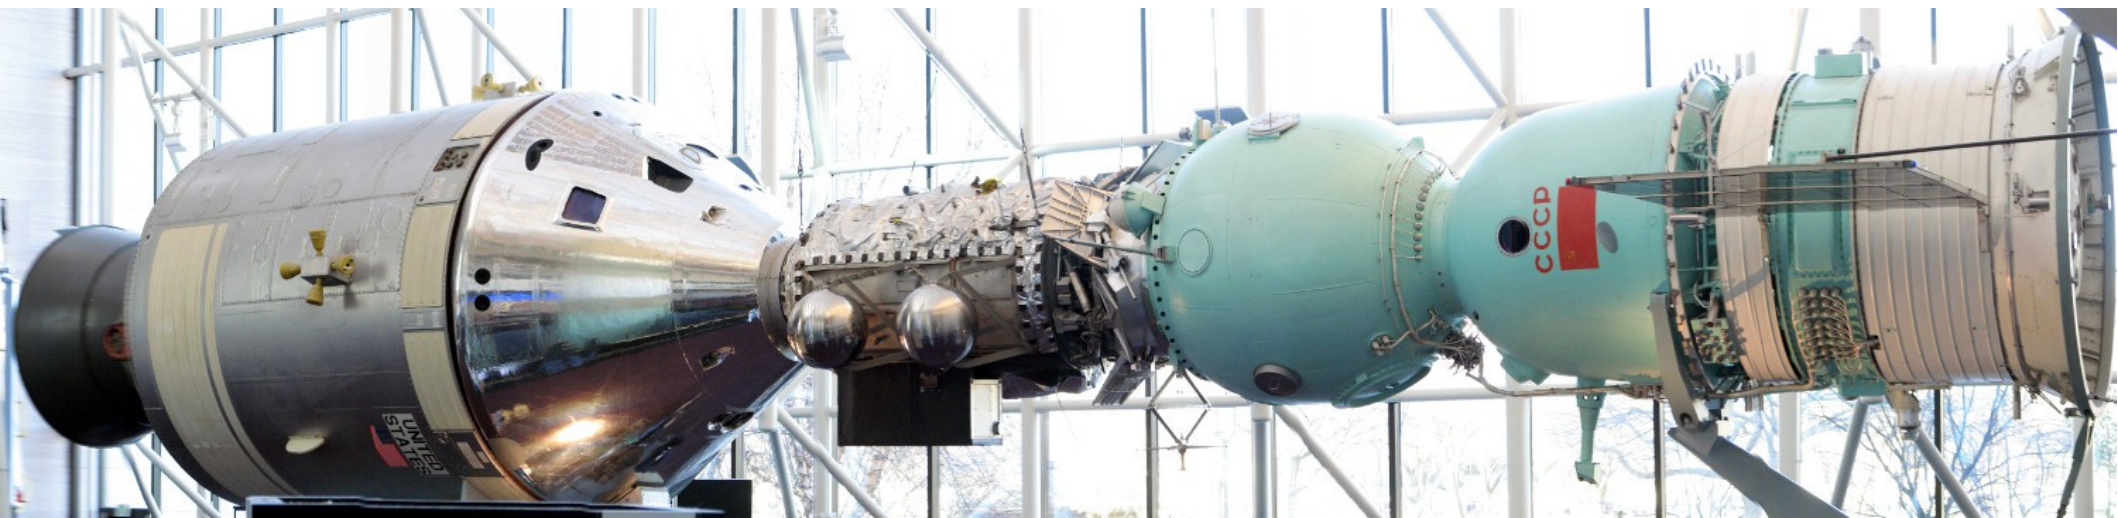

In some Societies Competition Prevails

- A communality is not created or dies quickly.
- Free riding: People tend to take but not to contribute.

Reach the Critical Mass as Quickly As You Can

- You need a certain critical mass to set a virtuous circle into motion
- Its size depends on several factors like urgency and available alternatives

Reach the Critical Mass as Quickly As You Can

What you can do:

- focus on the most urgent topics
- specialize on topics which cannot be found elsewhere
- start with a very active core team

Удачи!
